A Little Something About Us

We have called Merrick our home for the past 20 years and have all passed through the halls of Calhoun. After running a successful seafood restaurant on the North Shore, we wanted to establish a very funky, innovative kind of place in the town that made us the individuals we are today. All of our food is made on the premises using only the freshest ingredients. Our passion for our hometown drives us to bring creativity and restaurant quality to our own brand of "Fast food". We hope you're having as much fun as we are.

O.K. Cool,

*The Passman Family
